##### PART 802—SUGAR DETERMINATIONS

##### DETERMINATION OF FAIR AND REASONABLE WAGE RATES FOR PERSONS EMPLOYED IN THE HARVESTING OF THE 1942 CROP OF SUGAR BEETS

Whereas, Section 301 (b) of the Sugar Act of 1937, as amended, provides, as one of the conditions for payment to producers of sugar beets and sugarcane as follows:

(b) That all persons employed on the farm in the production, cultivation, or harvesting of sugar beets or sugarcane with respect to which an application for payment is made shall have been paid in full for all such work, and shall have been paid wages therefor at rates not less than those that may be determined by the Secretary to be fair and reasonable after investigation and due notice and opportunity for public hearing; and in making such determinations the Secretary shall take into consideration the standards therefor formerly established by him under the Agricultural Adjustment Act, as amended, and the difference in conditions among various producing areas: *Provided, however*, That a payment which would be payable except for the foregoing provisions of this subsection may be made, as the Secretary may determine, in such manner that the laborer will receive an amount, insofar as such payment will suffice, equal to the amount of the accrued unpaid wages for such work, and that the producer will receive the remainder, if any, of such payment.

And Whereas the Secretary of Agriculture, pursuant to a notice of hearing, dated January 2, 1942,<sup>1</sup> held public hearings for the purpose of receiving evidence likely to be of assistance to him in determining fair and reasonable wage rates for persons employed in the production, cultivation, or harvesting of the 1942 crop of sugar beets.

#### PART 20—PILOT CERTIFICATES

##### FLIGHT AREA LIMITATIONS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 4th day of April 1942.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601 and 602 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective April 4, 1942, Part 20 of the Civil Air Regulations is amended as follows:

By striking the words "50-mile radius" and "100-mile radius" appearing in § 20.56 (b) and inserting in lieu thereof the following: "150-mile radius" and "250-mile radius" respectively.

#### PART 40—AIR CARRIER OPERATING CERTIFICATION

##### SPECIAL REGULATION AUTHORIZING EASTERN AIR LINES TO OPERATE AIRCRAFT INTO THE BATON ROUGE AIRPORT UPON CERTAIN CONDITIONS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 4th day of April 1942.

Having had under consideration the regular use of the new Baton Rouge Airport in scheduled air transportation,

The board finds that:

1. The new Baton Rouge Airport located at Baton Rouge, Louisiana has reached a stage of construction which will permit its regular use by aircraft operated in scheduled air transportation; and

2. First pilots serving in air transportation for Eastern Air Lines, Inc., between Atlanta, Georgia and Houston, Texas have flown over the new Baton Rouge Airport at a low altitude and have familiarized themselves with the location of the airport, obstructions, surrounding terrain, and the general layout of runways and taxi strips, so that compliance with the provisions of the Civil Air Regulations requiring each first pilot to have landed at least once at each terminal, scheduled intermediate stop, and intermediate field is not required in the interest of safety, provided that the familiarity of the first pilot with the new Baton Rouge Airport be sufficiently demonstrated as hereinafter provided.

Now, therefore, the Civil Aeronautics Board, acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601 and 604 of said Act, makes and promulgates the following special regulation:

Notwithstanding the provisions of the Civil Air Regulations requiring a first pilot of an air carrier, prior to carrying passengers in scheduled air transportation, to have landed at least once at each terminal, scheduled intermediate stop, and intermediate field located along the route or a part thereof on which he will pilot aircraft, any first pilot listed in Eastern Air Lines' air carrier operating certificate at the time said air carrier is authorized to commence operations at the new Baton Rouge Airport, as qualified to operate an aircraft in scheduled air transportation between Atlanta, Georgia and Houston, Texas, may operate aircraft into and out of the new Baton Rouge Airport under daylight contact conditions in such air transportation upon furnishing to Eastern Air Lines and to the Chief, Air Carrier Branch of the Civil Aeronautics Administration of the Second Region, Municipal Airport, Atlanta, Georgia, a satisfactory sketch of the new Baton Rouge Airport and a written inspection report describing its condition, construction, and surrounding terrain. Such sketch and report shall be preserved by Eastern Air Lines as specified in § 40.2611 (b) of the Civil Air Regulations for written reports and sketches of intermediate fields. Each pilot must give evidence satisfactory to the Administrator's representative of his thorough familiarity with the form and condition of the field and with the location and nature of the obstructions around it.

By the Civil Aeronautics Board.

Secretary.

## TITLE 30—MINERAL RESOURCES

### Chapter III—Bituminous Coal Division

[Docket No. A-1182, Part II]

#### PART 324—MINIMUM PRICE SCHEDULE, DISTRICT NO. 4

FINDINGS OF FACT, CONCLUSIONS OF LAW,  
MEMORANDUM OPINION AND ORDER IN THE  
MATTER OF THE PETITION OF DISTRICT  
BOARD NO. 4 FOR THE ESTABLISHMENT OF  
PRICE CLASSIFICATIONS AND MINIMUM  
PRICES FOR THE COALS OF THE DAVIS MINE,  
MINE INDEX NO. 1285, OF THE L. & R.  
COAL COMPANY, (JOHN R. LANDERS) AND  
THE CHARTER OAK NO. 2 MINE, MINE INDEX  
NO. 14, OF THE CHARTER OAK COAL COM-  
PANY (M. L. FRENCH)

Docket No. A-1182 was instituted upon a petition filed with the Bituminous Coal Division by the Bituminous Coal Producers Board for District No. 4, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition proposed and sought, *inter alia*, the establishment of effective minimum prices for the coals of code members in District 4 for which no minimum prices have heretofore been established. The petition also proposed the designation of two rail shipping points, to-wit: Pomeroy, Ohio, on the C. & O. Railroad and Hobson, Ohio, on the New York Central Railroad, for the Davis Mine, Mine Index No. 1285 of the L. & R. Coal Company. Petitioner further proposed the establishment of an

additional rail shipping point, to-wit: Hobson, Ohio on the N. Y. C. Railroad, for the coals of Charter Oak No. 2 Mine of the Charter Oak Coal Co. (M. L. French) heretofore classified and priced for shipment from Pomeroy, Ohio, in General Docket 15.

By order, dated January 6, 1942, 7 F.R. 463, temporary and provisionally final relief was granted as requested except that only one loading point each was assigned to the Charter Oak No. 2 Mine and the Davis Mine. By the same order that portion of the proceeding relating to the propriety of assigning two loading points for The Charter Oak No. 2 and Davis Mine was severed from Docket No. A-1182, and designated Docket No. A-1182, Part II, and a hearing thereon was scheduled to be held, and it was held, on February 6, 1942, in Washington, D. C. before W. A. Shipman, a duly designated Examiner of the Division. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Appearances were entered in behalf of District Board 4, petitioner, and District Board 6, which had intervened.

At the conclusion of the hearing, all parties waived the preparation and filing of a report by the Examiner. The record was thereupon submitted to the Acting Director.

Neither the L. & R. Coal Company nor the Charter Oak Coal Company had a representative at the hearing. Ezra Van Horn, Chairman of District Board 4, testified that these operators had requested the additional rail shipping points. Mr. Van Horn exhibited four letters which were filed as exhibits. These exhibits reveal that witness Van Horn on January 16, 1942, wrote both L. & R. Coal Company and Charter Oak Coal Company calling their attention to the hearing in this matter on February 6, 1942, and requested the above-named coal producers to advise him as to whether or not they would be present at the hearing, and if not, to further advise him as to which rail shipping point would be preferable to them, provided the Division should permanently establish only one shipping point. Replies were received from both the L. & R. Coal Company and Charter Oak Coal Company, which letters were also filed as exhibits, wherein the L. & R. Coal Company stated they would prefer Pomeroy on the C. & O. Railroad as a shipping point should the Division allow them only one rail shipping point. The Charter Oak Coal Company stated they would prefer Hobson on the New York Central Railroad, provided the Division should allow them only one rail shipping point.

The testimony further discloses that the two mines involved in this hearing are small producers, the Davis Mine producing 1,415 tons, 701 tons, 371 tons and 1,116 tons, respectively, for the years 1937 to 1940, inclusive, and the Charter Oak No. 2 Mine produced 1,049 tons, 1,113 tons, 742 tons and 1,763 tons, respectively, for the same years. No figures of either mine are available for the year 1941.

The witness further testified that he believed one shipping point would be sufficient for the Charter Oak No. 2 Mine, and that that one should be Hobson on

the New York Central. The witness also testified that in his opinion one loading point, Pomeroy on the C. & O. Railroad, would be satisfactory to the L. & R. Coal Company.

Because the Charter Oak Coal Company and the L. & R. Coal Company did not appear at the hearing and because the District Board did not support their desire to have two loading points, there is nothing in this record which justifies

granting relief. There is no indication of whether the granting of additional loading points would prejudice other producers or indeed, what, if any, effect it would have. Under the circumstances, the granting of dual loading points must be denied.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date of this order, § 324.7 (Alphabetical list of code members), § 324.2 (Seasonal

discounts), § 324.9 (Recapitulation of price classifications), and § 324.11 (Special prices)—(a) Railroad fuel prices for all movements exclusive of lake cargo railroad fuel in the Schedule of Effective Minimum Prices for District No. 4 for All Shipments Except Truck be, and they hereby are amended to indicate Pomeroy, Ohio, on the C. & O. Railroad as the shipping point for the Davis Mine (Mine Index No. 1285) of the L. & R.

Dated: March 31, 1942.  
[SEAL] DAN H. WHEELER,  
Acting Director.

### Chapter I—Federal Communications Commission

#### PART 8—RULES GOVERNING SHIP SERVICE

#### MODIFICATION OF THE COMMISSION'S AUTOMATIC-ALARM-SIGNAL KEYING DEVICE REQUIREMENTS AND TYPE APPROVAL TESTS—NOTICE TO MANUFACTURERS OF MARINE RADIO EQUIPMENT AND OTHERS CONCERNED

In view of the increased burden imposed upon manufacturers of the components of the automatic-alarm-signal keying device because of their responsibilities in behalf of the war effort, the Commission on April 7, 1942, modified its Automatic-Alarm-Signal Keying Device Requirements and Type Approval Tests with respect to the procedure for demonstrating compliance with the "Manufacturers' Tests" specified therein. The involved modification for the present permits compliance with one or more items of these tests to be demonstrated either as previously designated in mimeograph no. 46975,<sup>1</sup> or by tests conducted by the National Bureau of Standards, by the Federal Communications Commission, or by any other cooperating U. S. Government Department or Agency, to be designated by the Federal Communications Commission; at the expense of the manufacturer of the keying device or person submitting the components for test and approval.

The existing Requirements and Type Approval Tests (mimeograph no. 46975 of January 25, 1941) are amended specifically by adding the designator "1" to the third paragraph under "Testing and Approval", and to the first paragraph under "Manufacturers' Tests" of the existing Automatic-Alarm-Signal Keying Device Requirements and Type Approval Tests, and by adding the corresponding footnote 1 which shall read as follows:

<sup>1</sup>In lieu of tests conducted by manufacturers of Automatic-Alarm-Signal Keying Devices, compliance with any item of "Manufacturers' Tests" may be demonstrated alternatively by means of the same tests conducted by the National Bureau of Standards, by the Federal Communications Commission, or by any other cooperating U. S. Government Department or Agency, to be designated by the Federal Communications Commission; at the expense of the manufacturer of the keying device or other person submitting the components for test and approval.

This modification is effective immediately.

[Docket No. A-1340]

PETITION OF DISTRICT BOARD NO. 18 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 18

[Docket No. A-1340 Part II]

PETITION OF DISTRICT BOARD NO. 18 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE NO. 8 MINE (MINE INDEX NO. 161) OPERATED BY RUSSELL SIMPSON AND WARNER WATSON IN SUBDISTRICT 8 IN DISTRICT NO. 18

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1340 PART II FROM DOCKET

NO. A-1340 AND GRANTING TEMPORARY RELIEF IN DOCKET NO. A-1340 PART II

The original petition, in the above-entitled matter, filed with this Division pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests the establishment of temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 18 for both rail and truck shipments.

As indicated in a separate order issued in Docket No. A-1340, a reasonable showing of necessity has been made for the granting of the relief prayed for by petitioner, in so far as the establishment of price classifications and minimum prices for truck shipments are concerned, except with respect to the establishment of permanent price classifications and minimum prices for the coals of the No. 8 Mine (Mine Index No. 161) operated by Russell Simpson and Warner Watson in Subdistrict 8 in District No. 18.

District Board No. 18 on December 31, 1941, filed a petition in Docket No. A-1256 praying, among other things, that the minimum prices heretofore established for the coals produced in Subdistrict 8 in District No. 18 be revised. In view of this requested revision in the minimum prices for the coals produced in Subdistrict 8, it appears that no permanent price classifications or minimum prices should be established for the coals of Mine Index No. 161 pending determination of the issues raised by the original petition in Docket No. A-1256.

It does appear, however, that a reasonable showing of necessity has been made for the granting of the temporary relief requested by petitioner for the coals of Mine Index No. 161 and that temporary price classifications and minimum prices should be established for such coals pending a final determination in Docket No. A-1256.

Now, therefore it is ordered, That the portion of Docket No. A-1340 relating to the coals of the No. 8 Mine (Mine Index No. 161) of Russell Simpson and Warner Watson be, and it hereby is, severed from the remainder of that docket and designated Docket No. A-1340 Part II.

It is further ordered, That temporary relief pending final disposition of Docket No. A-1340 Part II is hereby granted as follows: Commencing forthwith the Schedule of Effective Minimum Prices for District No. 18 for all Shipments is supplemented to include the price classifications and minimum prices set forth below for the coals of the No. 8 Mine (Mine Index No. 161) of Russell Simpson and Warner Watson.

Notice is hereby given that applications to stay, terminate, or modify the temporary relief herein granted may be filed pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

IN THE MATTERS OF LONE STAR GAS COMPANY, AND CITY OF DALLAS, TEXAS, (A MUNICIPAL CORPORATION), COMPLAINANT, V. LONE STAR GAS COMPANY, DEFENDANT

ORDER CONSOLIDATING PROCEEDINGS FOR PURPOSE OF HEARING AND FIXING DATE OF HEARING

APRIL 7, 1942.

It appearing to the Commission that:

(a) On June 14, 1941, the City of Dallas, Texas, a municipal corporation, filed with the Commission a formal complaint (Docket No. G-208) alleging among other matters that the wholesale gate rate charged by Lone Star Gas Company to its affiliate, Dallas Gas Company, for natural gas resold by the latter company in the City of Dallas is unreasonable and discriminatory and requesting the Commission to institute an investigation of said Lone Star Gas Company and after hearing to fix just and reasonable and non-discriminatory rates and charges;

(b) On June 27, 1941, the Commission received communications from the Railroad Commission of Texas and the Corporation Commission of Oklahoma indicating the interest of the said agencies in the matter of an investigation of the rates and charges of said Lone Star Gas Company; and on June 28, 1941, a similar communication was received from the City of Terrell, Texas;

(c) On July 3, 1941, the Commission on its own motion instituted an investigation of Lone Star Gas Company (Docket No. G-209) for the purpose of enabling the Commission to determine (1) whether the said company is a natural-gas company within the meaning of the Natural Gas Act, and (2) whether, in connection with any transportation or sale of natural gas subject to the jurisdiction of the Commission, any rates, charges or classifications demanded, observed, charged or collected, or any rules, regulations, practices or contracts affecting such rates, charges or classifications are unjust, unreasonable, unduly discriminatory or preferential; and if the Commission after hearing has been had shall find that the said company is a natural-gas company within the meaning of the Natural Gas Act, and that any of its rates, charges, classifications, rules, regulations, practices or contracts subject to the jurisdiction of the Commission are unjust, unreasonable, unduly discriminatory or preferential, to determine and fix by appropriate order or orders just and reasonable rates, charges, classifications, rules, regulations, practices or contracts to be thereafter observed and in force;

(d) The said order instituting an investigation was duly served upon the said Lone Star Gas Company at its offices in Dallas, Texas;

The Commission finds that: The above-entitled proceedings are related and the public interest would be served by consolidating them for hearing; and

The Commission orders that:

(A) Docket Nos. G-208 and G-209 be and they are hereby consolidated for purposes of hearing thereon;

(B) A public hearing in these proceedings be held commencing on June 8th, 1942, at 9:45 o'clock a. m. in Courtroom No. 2 of the Federal Building, Dallas, Texas;

## SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-519]

IN THE MATTER OF COLUMBIA GAS & ELECTRIC CORPORATION, THE OHIO FUEL GAS COMPANY, AND NORTHWESTERN OHIO NATURAL GAS COMPANY

### NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 7th day of April 1942.

Declarations and applications having been filed with this Commission by Columbia Gas & Electric Corporation, The Ohio Fuel Gas Company and Northwestern Ohio Natural Gas Company, pursuant to the Public Utility Holding Company Act of 1935 and particularly sections 6 (b), 9 (a), 10 and 12 (f) of said Act and Rule U-43 thereunder, and notice having been given of the filing thereof by publication in the FEDERAL REGISTER or otherwise as provided by Rule U-23 under said Act; and the declarations and applications concerning the following:

The parties propose to merge Northwestern Ohio Natural Gas Company, a wholly owned subsidiary of Columbia Gas & Electric Corporation, into The Ohio Fuel Gas Company, also a subsidiary of Columbia Gas & Electric Corporation, all of whose outstanding shares and indebtedness other than current indebtedness and \$3,000,000 principal amount of 4% Serial Notes (guaranteed as to principal and interest by its parent) are owned by the parent. As stated in the applications or declarations, the following steps will be necessary or incidental to the consummation of the proposed transaction:

(a) Northwestern will declare and pay a dividend on its common stock in an amount equal to its Earned Surplus since December 31, 1937 (as of December 31, 1941, such surplus amounting to \$66,714.88).

(b) Northwestern will be merged into Ohio Fuel pursuant to the provisions of the Ohio General Corporation Law, with Ohio Fuel continuing as the surviving corporation. Such merger is to be carried out pursuant to the provisions of

the Agreement of Merger which is filed with the application or declarations.

(c) In the merger, Ohio Fuel will issue 58,354 shares of common stock, par value \$45, in exchange for the 55,505 shares of common stock, par value \$50, of Northwestern, presently outstanding. Ohio Fuel presently has 443,517 authorized but unissued shares of common stock.

The proposed merger involves the following transactions which are covered by this combined application:

(a) The issue by Ohio Fuel of 58,354 shares of common stock, par value \$45.

(b) The transfer by merger of all of the assets of Northwestern to Ohio Fuel.

(c) The assumption, by operation of law, by Ohio Fuel of all of the liabilities of Northwestern, which at the date of the merger will consist of current liabilities only.

(d) The acquisition by Columbia Gas of 58,354 shares of common stock, par value \$45, of Ohio Fuel in exchange for 55,505 shares of common stock, par value \$50, of Northwestern.

The number of shares to be issued by The Ohio Fuel Gas Company in exchange for the outstanding shares of Northwestern Ohio Natural Gas Company is said to have been determined by dividing the capital stock and special capital surplus of The Ohio Fuel Gas Company by the number of shares outstanding and dividing the result into the sum of the capital stock and surplus prior to January 1, 1938 of Northwestern Ohio Natural Gas Company. The earned surplus of The Ohio Fuel Gas Company prior to January 1, 1938, in the amount of \$6,949,606.37, and the earned surplus of that company since December 31, 1937, in the amount of \$1,407,974.08, as well as the earned surplus of Northwestern Ohio Natural Gas Company since December 31, 1937 of \$66,714.88 are stated not to have been used in the computation referred to; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said declarations and applications and that said declarations shall not become effective or said applications be granted except pursuant to the further order of the Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and the Rules and Regulations thereunder be held on April 14, 1942 at 10:00 o'clock in the forenoon of that day at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day, the hearing-room clerk in Room 318 will advise as to the room where such hearing will be held.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c)

of said Act and to a Trial Examiner under the Commission's Rules of Practice.

Notice of such hearing is hereby given to such declarants or applicants and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file notice to that effect with the Commission on or before April 12, 1942.

It is further ordered, That, without limiting the scope of issues presented by said application and declarations, particular attention will be directed at said hearing to the following matters and questions:

(1) The extent of any terms and conditions that may be appropriate in the public interest or the interest of investors or consumers in connection with the issue and sale of common stock by The Ohio Fuel Gas Company;

(2) The reasonableness of the consideration to be paid for such stock and the adaptability of the securities to the earning capacity of, or the sums invested in, the assets of Ohio Fuel Gas;

(3) The relationship of Northwestern and the assets owned and operated by it to Ohio Fuel Gas and other companies in the Columbia system;

(4) The effect of the proposed merger as to management and operating functions, economies and cost, and the effect of regulation by State and Federal authorities;

(5) Whether the transactions involved in the proposed merger and the other matters connected therewith will (a) serve the public interest by tending toward the economical and efficient development of an integrated public utility system, (b) be detrimental to the carrying out of the provisions of section 11 (c) or tend to circumvent the provisions of the Act or any Rules, Regulations and Orders of the Commission thereunder; and

(6) Whether (a) the fees, commissions or other remunerations to be paid, directly or indirectly, in connection with the proposed transactions are reasonable; and (b) the terms and conditions of the proposed transactions generally are detrimental to the public interest or to the interest of investors and consumers.
